NAVEEN KUMAR R

REACT FRONTEND DEVELOPER

+91 80564 53776 | naveenvi2001@gmail.com | Chennai, Tamil Nadu, India | LinkedIn | Github

PROFESSIONAL SUMMARY

Results-driven React Frontend Developer with 2+ years of experience designing and building responsive, high-performance web applications using React.js, JavaScript (ES6+), HTML5, and CSS3. Skilled in REST API integration, SEO optimization, and mobile-first responsive design, with a consistent track record of improving page performance and cross-browser compatibility. Adept at collaborating with cross-functional teams to deliver scalable, user-centric solutions from concept to production, while continuously exploring new tools and best practices to strengthen code quality and user experience.

CORE COMPETENCIES

- React Development
- Responsive Web Design
- REST API Integration
- Performance Optimization
- SEO Optimization
- Cross-browser Compatibility
- UI Development
- Team Collaboration
- Problem Solving
- Debugging
- Mobile Optimization
- Git Version Control

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), HTML5, CSS3
State Management	Redux, Context API
Styling	Bootstrap, Tailwind CSS, Material UI
Database	SQL
Version Control	Git, GitHub
Tools	VS Code, Postman, Chrome DevTools, npm

WORK EXPERIENCE

React Frontend Developer

May 2024 – Present

GBS Systems and Services Pvt Ltd | Chennai, India

- Engineered and maintained responsive company websites (gbssystems.com, gbscomputers.com) using React.js, JavaScript (ES6+), HTML5, and CSS3, ensuring consistent performance across devices.
- Built and integrated RESTful APIs to power dynamic, data-driven UI components, improving content accuracy and reducing manual update effort.
- Implemented SEO best practices, including optimized meta tags, semantic HTML structure, and page speed enhancements, increasing organic search visibility.
- Improved application performance and load times through code optimization, lazy loading, and asset compression techniques.
- Ensured cross-browser compatibility and mobile responsiveness across all deployed web pages, enhancing accessibility for a broader user base.
- Designed and delivered high-converting landing pages and business websites from concept to production, aligning with client branding and business goals.
- Managed product uploads and listings while supporting Google Merchant Center configuration, ensuring accurate, up-to-date content for marketing campaigns.
- Collaborated closely with designers, backend developers, and stakeholders throughout the development lifecycle to deliver polished, on-time solutions.
- Maintained clean, version-controlled codebases using Git, contributing to efficient team workflows and streamlined deployments.

FEATURED PROJECTS

Laptop E-commerce Website

React.js · JavaScript · REST APIs

- Developed a fully responsive e-commerce platform for laptop sales, featuring dynamic product listings, advanced filtering, and real-time search functionality.
- Integrated REST APIs to fetch and display product data, pricing, and availability in real time.
- Implemented SEO improvements and performance optimizations, resulting in faster load times and improved search visibility.
- Designed an intuitive, user-friendly interface to streamline the browsing and purchasing experience across devices.

Business Websites & Landing Pages

React.js · HTML5 · CSS3 · SEO

- Designed and built multiple business websites and high-converting landing pages for company clients, from wireframe to production deployment.
- Applied on-page SEO techniques and performance best practices to improve search ranking and page load speed.
- Ensured pixel-consistent, mobile-first layouts across devices and browsers to maximize reach and usability.

AR Based Pocket Laboratory

Augmented Reality · 3D Visualization

- Built an Augmented Reality mobile application enabling interactive 3D visualization of lab experiments for students.
- Designed an engaging, education-focused interface that made virtual experiments accessible without physical lab equipment.
- Enhanced student engagement through interactive learning modules and real-time 3D model manipulation.

EDUCATION

B.E., Computer Science and Engineering

2018 – 2022

Meenakshi College of Engineering | CGPA: 7.5

CERTIFICATIONS

- Selenium Testing — Greens Technologies
- Data Analytics — GeakMinds Technologies
